

Student Leadership Learning Outcomes Project

Purpose and Goals

Accepted 10.25.06

Purpose: Provide consistent methods and tools for staff to use with students leaders in student organizations, programs, or activities to help in the assessment and documentation of enhanced learning in relation to their leadership experiences

Goals:

1. Develop learning outcomes for student leadership experiences in the co curricular for use by advisors across the Division of Student Affairs and in academic departments
2. Develop assessment tools and methods for student learning outcomes
3. Create the infrastructure to market to and train staff in the use of outcomes, assessment methods, and use of the results
4. Prepare student leaders to be peer developers
5. Provide evidence of the value added by students' participation in co-curricular leadership experiences for use in accreditation, recruitment, fund raising and development
6. Work collaboratively with colleges, the Career Center and individual student leaders for documentation of student leadership learning through the use of e-portfolios
7. Assist students with the integration of learning between curricular and co curricular experiences.
